

MEET KORIYA

+91 9173621405 — meetkoriya254@gmail.com — LinkedIn — GitHub

Professional Summary

Dedicated and detail-oriented Software Developer with experience building scalable web applications and backend services. Strong foundation in modern web technologies, cloud computing, system design principles, and performance optimization. Committed to delivering high-quality and maintainable software solutions.

Technical Skills

Languages: Python, JavaScript, C++, Java
Frontend: React.js, Tailwind CSS, HTML, CSS
Backend: Node.js, Express.js
Cloud & Tools: AWS (EC2, S3, Lambda, API Gateway), Git, Power BI, Postman, VS Code
Databases: MongoDB, MySQL, DynamoDB

Soft Skills

Skills: Problem Solving, Teamwork, Communication, Adaptability, Time Management

Professional Experience

Python Programming Intern — BrainyBeam Pvt. Ltd.

May 2025 – Jun 2025

- Built automation scripts that streamlined data-processing tasks and improved operational efficiency.
- Optimized backend modules to enhance execution speed and overall application responsiveness.
- Refactored the codebase to improve stability, maintainability, and code quality.

Projects

Doctor Appointment Booking System (MERN + Tailwind CSS)

- Developed a real-time booking platform supporting multiple test appointments.
- Implemented JWT-based authentication to strengthen access control and user security.
- Engineered REST APIs to improve system responsiveness and backend performance.

Smart Campus Issue Tracker (MERN Stack)

- Built a campus issue reporting system with role-based dashboards.
- Automated the issue tracking workflow to improve resolution efficiency.

Institute Management Dashboard (Power BI)

- Designed dashboards for stakeholders covering attendance, finance, and examination data.
- Automated reporting workflows to reduce manual analytics effort and improve decision-making.

Blog Application (MERN Stack)

- Developed an authentication-based CRUD blog platform for active users.
- Optimized API performance to improve response time and application usability.

Education

B.Tech in Computer Science (Pursuing)

2024 – Present

CHARUSAT University

Diploma in Computer Engineering

2021 – 2024

Noble University — CGPA: 8.80

Secondary School Certificate (10th Grade)

2020 – 2021

Shree V.P. Ghetia Madhyamik Sala — Score: 80%

Certifications

AWS Academy Graduate - Cloud Developing — Exploratory Data Analysis (IBM) — Agile Project Management (Google) — Introduction to Software Engineering (IBM) — Foundational C# (freeCodeCamp)
